

All Men Between 21 and 31 Register Tomorrow

OHIO IS READY TO RESPOND TO CALL TO COLORS

Plans Laid For Promptly Reporting Number of Registrations

OPPOSITION DIES OUT AFTER ARRESTS ARE MADE

Only a Few Planned to Refuse to Enroll—They Are In Line

(ASSOCIATED PRESS TELEGRAM) Columbus, O., June 4.—State officials gave out a statement today that declare Ohio is splendidly organized for the registration of young men between 21 and 31 years of age tomorrow.

While one or two more arrests are hinted at in connection with the anti-conscription propaganda, there has been a remarkable end brought to anti-registration and treasonable utterances following wholesale arrests last week in Columbus and Cincinnati under direction of federal authorities.

Colonel Hubert J. Turney, in charge of state registration headquarters, and John J. Shibley, Cleveland detective employed by the state to aid in the crusade against anti-conscriptionists, returned last night from a tour in the north and northeastern part of Ohio. They visited Akron, Cleveland, Warren, Youngstown, and other cities, Colonel Turney conferring with election officials and Detective Shibley with police authorities.

"We heard there had been a considerable number of rumors of opposition to registration and some treasonable utterances throughout the state and some evidences of a concerted plan of opposition, yet instantly upon arrests made in Columbus and the promise of vigorous prosecutions, such activities instantly ceased," was a statement by Colonel Turney today. "In most instances we found that persons most prominent in such activities made great haste to hang out a large-sized flag in front of the residence or place of business."

"It seems, so far as we can learn that all opposition to registration upon the part of a very few anarchists or anti-government persons has ceased and that there will be no more opposition to the consummation of the government's plan to have a complete registration."

In connection with possibility of further arrests, the only statement made was that at least two persons more or less prominent in anti-conscription utterances, are being closely watched.

State registration headquarters has communicated with officials in every county in the state to find if (Continued on Page 2, Col. 2.)

MEXICAN GUNBOAT ROBBED FISHING VESSEL IN GULF

(ASSOCIATED PRESS TELEGRAM) Galveston, Texas, June 4.—The American fishing schooner Arcas was boarded off the coast of Tehuantepec, Mexico, on the high seas, May 31, and looted of clothing, fishing gear and medicine chest. This news was brought here today by Captain S. A. MacDonald of the Arcas.

A small steamer, apparently a fishing vessel, was sighted May 31, by the Arcas off the Campele Bank, about 150 miles from Santa Ana, Tehuantepec early in the afternoon. The steamer, mounting two guns, came alongside the Arcas and, according to Captain MacDonald, boarded party, heavily armed, seized the material. Only enough provisions were left for the Arcas to get back to Galveston.

The Mexicans claimed to be Carranza soldiers who had received no clothing or pay for months. Captain MacDonald made a statement covering the incident to federal port officials here.

The steamer flew no flag.

EXPLOSION KILLS MINERS. Nanaimo, B. C., June 4.—Five men were instantly killed and much damage done to No. 6 mine of the Canadian Collieries at Cumberland, B. C., by an explosion of unknown cause yesterday. The five victims were members of a survey party and were mapping out new work for the week. The mine is under the town of Cumberland which was badly rocked by the explosion.

PROTEST FREIGHT RATE.

(ASSOCIATED PRESS TELEGRAM) Washington, June 4.—Protest of a dozen industries ranging from non-alcoholic beverages to gasoline were presented to the interstate commerce commission today in the shipper's fight against the 15 per cent freight rate increase asked by the railroads.

JEALOUS HUSBAND SHOTS WIFE THREE TIMES; MAY SURVIVE WOUNDS

Joseph Gabe, aged 24 years, an employe of the Newark Stamping works, shot and seriously wounded his wife, Minnie Gabe, aged 23, Saturday night at 8.35 o'clock, in front of the residence of Frank Connell, 60 North Fifth street, between Church and Granville. Five shots were fired, a Smith & Wesson 32-calibre revolver being used. One of the bullets passed through the young woman's left shoulder, a second entered the right shoulder, and a third grazed along the neck. Two shots went wild.

Mr. and Mrs. Gabe lived in East St. Clair street, opposite the Newark Stamping works, until a little over a week ago when they separated and the latter returned to the home of her mother, Mrs. Sarah Shaw, Buckingham street, taking her two little children—Robert, aged 4, and Sarah, aged 2—with her. The household furniture was disposed of and Gabe secured board with Mr. and Mrs. Thos. J. Graves, next door to his old home. Thursday he filed a petition in common pleas court asking for a divorce. He stated in his petition that they were married November 2, 1913, and he charged his wife with remaining out late at night and keeping company with other men; also, that her affection for him had waned.

Saturday evening about 6 o'clock Sheriff Chas. H. Swank served

papers upon him in a suit instituted by his wife for alimony. He left shortly after and went to the home of Mrs. Shaw and asked to see his wife. Upon being told that she was not at home he came up to the square and found his brother, Ruben Gabe, and told the latter that he wanted to find his wife to give her some money for the children and the two men went to the market house in search of her. Ruben Gabe stated that his brother did not appear excited and that he never for a moment anticipated that there would be any trouble. The two men searched through the market house and not finding her, Gabe bid his brother "good night," and said he would meet him Sunday.

Gabe next went down Fifth street, and it is the supposition of the police that he must have run across her some place uptown and followed her towards home. He met her at 60 North Fifth street in company with her niece, Miss Dorothy Shaw, daughter of Samuel Shaw of 105 Granville street. Pulling his revolver from his pocket he immediately started firing, discharging five shots, with the result told above.

At the first shot George "Bunny" Stoltz and Ernest Marquart, who were on the opposite side of the street, ran over and grabbed him (Continued on Page 2, Col. 2.)

ARREST FOUR IN SPY PLOT IN NEW YORK CITY

(ASSOCIATED PRESS TELEGRAM) New York, June 4.—With four men under arrest who are alleged to be only minor figures in a conspiracy to transmit information of military value from the United States to Germany through neutral mail channels, the federal authorities and city detectives today indicated further arrests which they said might result in disclosures of a German spy system. Apparently the government officers hoped they could uncover an explanation of how Germany knew in advance of the approach of the American destroyers to the British coast so that an Irish port could be mined.

Where and when the defendants were arrested and their identity withheld during their arraignment today before a United States commissioner.

The charge against them at present, United States Assistant Attorney John C. Knox said, "is that of competing with the government by carrying mail in opposition to the government."

Mr. Knox added that the charge might be changed to treason.

Two of the men are said to be American born, one a naturalized citizen of Sweden, and the fourth a German army captain. Examination of a quantity of mail seized by federal agents indicated transmission of information on steamships to Mexico and thence possibly by wireless to Germany. The fourth man is described as the son of a German army captain was arrested this afternoon. The police refused to disclose his identity prior to his arraignment.

RUTH LAW BOOSTS BOND SALE WITH BOMBS OF PAPER

(ASSOCIATED PRESS TELEGRAM) Cleveland, O., June 4.—Ruth Law, aviatrix of Chicago, who in November last established the non-stop flight record from Chicago to New York, 950 miles in nine hours, tomorrow will sail over this city in a biplane dropping bombs which bear the following message: "This was dropped by a United States aviator. It might have been a German bomb. Buy a Liberty Bond and do your bit by assisting your government to finance its forces which are to protect your homes."

After flying over all parts of Cleveland, Miss Law is to start tomorrow on a ten-day flight tour on behalf of the Liberty Loan. She will drop paper bombs over the cities of the middle west and southwest.

BUYS LIBERTY BONDS.

(ASSOCIATED PRESS TELEGRAM) Cleveland, June 4.—Warren S. Stone, grand chief of the Brotherhood of Locomotive Engineers, announced today that the organization subscribed for \$500,000 of Liberty bonds here today. The bonds will be paid for by brotherhood funds on hand here.

NEW COUNTERFEIT BILL.

(ASSOCIATED PRESS TELEGRAM) Washington, June 4.—Discovery of a new counterfeit \$10 gold certificate of the 1907 series was announced today by the secret service. It is not as finely executed as the genuine note, but is likely to prove very deceptive, it was stated.

PETROGRAD WAS EXCITED OVER REBELS' THREAT

Revolt Garrison at Kronstadt Announced Demonstration Against City

DEMAND ELECTION FOR NEW COUNCIL DELEGATES

Fire On Wharf Results In Explosion Which Damages Gutuyeff Buildings

(ASSOCIATED PRESS TELEGRAM) Petrograd, June 3, via London, June 4.—Sailors from the Kronstadt garrison, which recently declared its independence of the central government, arrived in Petrograd early this morning with the announcement that warships at Kronstadt would come to Petrograd immediately and land men to make demonstrations. Later it was reported that sailors had landed at Gutuyeff Island, port of Petrograd, and begun an attack. A visit to the Gutuyeff port quarter showed that the story of the landing and attack was untrue. However, it was sufficiently alarming to provoke intense excitement in the city and cause the dispatch to be the spot of a military force.

Petrograd waited today for the threatened demonstrations by the Kronstadt warships and as the time passed with no such incident the announcement of the sailors who reached here last night came to be regarded by a majority as merely boastful talk on the part of extremists acting in defiance of the orders of Anatole Lamanoff, president of the Kronstadt council of workmen's and soldiers' deputies.

The Kronstadt sailors who came to Petrograd said the demonstrations would be for the purpose of bringing about new elections of members of the council of workmen's and soldiers' delegates, whose present members were denounced as bourgeois. The sailors also demanded that former Emperor Nicholas be handed over to them. At street meetings they expressed dissatisfaction with War Minister Kerensky and the whole provisional government, particularly for abolition of (Continued on Page 2, Col. 4.)

ONE MAN LEFT OF TWO COMPANIES IN ATTACK ON WOOD

(ASSOCIATED PRESS TELEGRAM) St. John, N. F., June 5.—The part played by the Newfoundland regiment in the fighting about Monchy is described in a letter received by the governor of the colony from a general serving in France. The regiment was brought up to relieve the troops holding Monchy, "our most advanced and most important point" and was sent forward to gain more ground. Two companies pushed on beyond the objective and rushed a wood in which they saw masses of Germans. A terrific fight followed. Of the two companies only one man returned. His only comment was that it "was the most glorious fight" he had ever been in.

The Germans at once counter-attacked in great numbers. When they were stopped by the headquarters staff of the Newfoundland regiment, led by their colonel. With a dozen men the officer held an advanced trench and delivered such an effective rifle fire that the enemy was rolled back in disorder.

The general urged that the ranks of the regiment be filled up at once "with the same good stuff as before."

FORMER NEWARK MAN IS KILLED IN CINCINNATI

(ASSOCIATED PRESS TELEGRAM) Cincinnati, June 4.—Charles M. Gibbons, 45, 218 Luck avenue, was ground to death beneath the wheels of a Baltimore & Ohio passenger train late Saturday night or Sunday morning west of the city. His body was discovered at 6 o'clock by the crew of work train from Newark, who notified the police. The remains were strung along the track for over 100 yards. He is a stevedore and is survived by one sister and a brother.

WILSON'S NOTE TO RUSSIA SHOWS U. S. WAR AIMS

(ASSOCIATED PRESS TELEGRAM) Washington, June 4.—President Wilson's communication to the new Russian government on the war aims of the United States has been delivered at Petrograd by Ambassador Francis but will not be published in this country or in Russia for a day or two while the state department is clearing up what are officially characterized as "matters of detail."

SOCIALIST LEADER ARRAIGNED.

(ASSOCIATED PRESS TELEGRAM) Cleveland, O., June 5.—Charles Baker, Hamilton, O., who claims to be Socialist party state organizer, pleaded not guilty and had his case continued until June 13, when arraigned in police court today charged with disorderly conduct following alleged anti-draft utterances said to have been made in a speech Saturday night.

Mrs. Newton D. Baker and her three children.

This pleasing portrait study of Mrs. Newton D. Baker, wife of the secretary of war and their three children was made a few days ago in their home in Washington. Absorbed by her home interests, Mrs. Baker gives little time to society.

DARCY'S BODY IS SENT BACK TO AUSTRALIA

(ASSOCIATED PRESS TELEGRAM) San Francisco, June 4.—A procession headed by a squad of police and a band escorted the body of Les Darcy, the boxer, to a steamer for shipment today to his late home in Australia. Draped in the colors of the United States and Australia and covered with flowers sent from all parts of the United States the coffin rested yesterday in the hall here of the Fraternal Order of Eagles. Darcy enlisted in the United States army aviation corps shortly before his death in Memphis.

ONE MAN LEFT OF TWO COMPANIES IN ATTACK ON WOOD

(ASSOCIATED PRESS TELEGRAM) St. John, N. EVASD DRAFT AND LAND IN PRISON SAYS GREGORY

Attorney General Promises Prompt Prosecution of All Slackers

ITALIAN ENVOY URGES COUNTRYMEN TO ENROLL

Expect Few In Each Locality to Refuse to Register Tomorrow

(ASSOCIATED PRESS TELEGRAM) Washington, June 4.—Final warning against evasion of the draft registration tomorrow or attempts to induce others to evade it, was issued today by Attorney General Gregory. He said that he expected a few men in each community to refuse to register but anticipated no resort to force to prevent execution of the law.

"It is the duty of this department to prosecute evaders and it is proposed to do so," said the attorney general.

Italians living in this country were urged to register by the Prince of Udine, head of Italy's war mission, in an address to a delegation of his countrymen who called on him at the embassy.

It was announced today that the requirement of the new law that the registration cards of men absent from their home precincts reach precinct registrar June 5 would not be enforced against Americans now abroad. Instructions sent to American consuls, accompanying registration cards, however, ask those who fill out the blanks to get them back to the registrars as quickly as possible.

The regulations provide that Americans returning to the United States must register within five days after their arrival at an American port. Registration at the consulates abroad, however, is purely voluntary and cannot be enforced while the citizen remains out of the country.

ACCEPT NO EXCUSE.

(ASSOCIATED PRESS TELEGRAM) New York, June 4.—Members of patriotic societies, city, county, state and federal officials had completed plans today to bring home to every man eligible for military registration tomorrow the meaning of the conscription law so that none will be able to plead ignorance of its provisions or that he did not know where to register.

Places of registration today were placarded in great letters and 10,000 policemen, besides the members of the home defense league and thousands of volunteers will be stationed at the registration places. (Continued on Page 2, Col. 1.)

PATRIOTIC MEET TUESDAY NIGHT AT HIGH SCHOOL

The patriotic meeting on Tuesday evening will be made a fitting honor to the men who have registered and all of them are asked to form in line on the public square Tuesday evening at 7 o'clock and march in a body to the High school auditorium where the exercises will be held.

The Buckeye Band has donated its services and will head the parade. The program at the High school auditorium will consist of a number of patriotic songs by the audience, the accompaniment being played by Miss Julia Sells. Rev. L. P. Franklin will deliver an address and other speakers will be Dr. W. H. Lewis, Mrs. Homer J. Davis, and Attorney James R. Fitzgibbon.

On Tuesday the various patriotic organizations of women will assist in the distribution of the registration buttons to be presented to every man who registers, and the women of the City Federation of Women's Clubs will present them with copies of the President's proclamation.

SHARK ATTACKS YOUTH.

(ASSOCIATED PRESS TELEGRAM) Savannah, Ga., June 4.—Fear of a repetition of last summer's prevalence of man-eating sharks along the Atlantic coast was felt here today as the result of an attack by a shark on Wallace J. Pierpont, Jr., son of Savannah's mayor in Calhoun Sound. Pierpont's arm was badly injured by the shark which came close to shore.

CLOTHING MAKERS GET INCREASE.

(ASSOCIATED PRESS TELEGRAM) Chicago, June 4.—Eight thousand employes of Hart, Schaffner & Marx clothing manufacturers, have been granted an increase in wages of 10 per cent it was announced today. The increase was asked by the employees under a contract by which they may apply for an advance when conditions of living or employment change.

BIG CARNIVAL ON OPENING NIGHT OF U. C. T. MEET

Thursday evening promises to be the most gala festival night the city of Newark has ever seen. Every member of the U. C. T. in Newark is making an effort to have the opening of the state convention of the United Commercial Travelers in this city a night of fun, frolic and pleasure not soon to be forgotten.

The opening night—June 7—will be the big Mardi Gras in Hudson avenue, when the United Commercial Travelers entertain the citizens of Newark and the visitors to the convention. The street will be roped off from Locust street to Wyoming street, thoroughly cleaned and arranged for dancing. There will be no charges to dance, but the entire spirit will be that of a carnival, and every dancer is required to be masked. Even those without costumes who would desire to dance must be masked.

The sidewalks will be free to the on-lookers, and the entire boulevard will be a blaze of light, banners and streamers of the U. C. T. colors and American flags. The street will be converted to a gala open-air pavilion. The city service department and the Ohio Light and Power company will furnish the illumination. The night's program will begin with a parade at 7:30 o'clock through the business section in which will be the Buckeye band and the assemblage of masqueraders. A number of novel and attractive costumes are being prepared. In addition to the city police, special officers named from the Newark council of Travelers will serve. The best of order will be preserved and no slapstick tactics will be permitted. Refreshments will be sold by the Red Cross workers and the proceeds will go to the Red Cross fund. In case of rain the ball will be held in the Pythian Castle and the Masonic Temple.

The affair is not only for Newark and Licking county, but for the public generally and the committee extends a cordial welcome to all to be present and enjoy the festivities. The members of the Mardi Gras committee are: George Royley chairman; Leo Dewar, Nelson Flersch, Howard Ruge, Paul Sachs, R. C. Axline and L. B. Wilson.

More accommodations are needed to care for the visitors and while over 300 homes have been offered for the entertainment of the visitors, more are still required. These will care for 900 people and accommodations are needed for about 1500 in the homes. The hotels and public lodging houses have all been secured. Fifteen committees started to work this morning to make the biggest convention Newark has ever entertained a success. There will probably be 1000 more people in Newark during the last three days of the week than has ever been entertained here. These men will meet at noon for luncheon the first three days of this week to complete the plans. Every visitor to the city must first register at the U. C. T. headquarters in the Pythian Castle. There will be no distribution of badges, credentials, or accommodations made from any other point. A reception committee will meet every train, the parties will be taken to headquarters where machines and Boy Scouts will aid in assigning the visitors to their quarters.

tioned throughout the city to tell men where to register. The registration officers will be the voting places used at the last elections but with few changes.

Many business houses, the stock exchange, the corn, produce and coffee exchanges will be closed tomorrow.

Tonight 23 patriotic mass meetings and many rallies in churches will be held to urge strict observance of the law. Speakers well known in their neighborhoods will address these meetings. Many of the speakers will be men of German birth or descent.

Twenty-five prominent women of the National League for Woman's Service will also speak from street corners this evening. The women, who are aiding the mayor's committee on national defense, have been assigned to speak in the districts where large numbers of aliens reside and where it is expected opposition to enlistment will be found.

WATCH FOR SLACKERS.

(Associated Press Telegram)

Sandusky, O., June 4.—Secret service men, residents of the communities in which they are stationed in the most instances, are keeping a close watch all along the southern Lake Erie shore to prevent Americans from escaping to Canada to evade military service and to block Canadians who might make an effort to get into the United States. The trip across Lake Erie can be made in a row boat.

HANDBILLS CONDEMN DRAFT.

(Associated Press Telegram)

New Britain, Conn., June 4.—Efforts were being made by the authorities today to locate the persons responsible for distribution of anti-draft literature in this city. Hundreds of handbills condemning conscription and arraigning the government for such action have been distributed.

under arrest on suspicion but the authorities believe several persons were concerned in the affair.

ARREST IN BOSTON.

(Associated Press Telegram)

Boston, June 4.—John Szwenski was arrested by federal authorities today charged with advising 20 young men of draft age not to register tomorrow. Charles Barkus and Stanley Collins, the young men concerned in the charge were summoned as witnesses for the government at a preliminary hearing.

OHIO IS READY TO RESPOND TO CALL TO COLORS

(Continued from Page 1)

There are details not understood in connection with registration. One county only asked for an additional supply of registration cards. The others reported: "We are ready." It seems apparent, officials here said today, that requirements, both on part of boys of elections and on part of young men who must register are well understood, indicated by the most sudden falling off in numbers of inquiries that for two weeks poured into state headquarters.

Details today were confined almost wholly to the preparations for handling returns. These will come to Columbus from each county board and when all counties have reported, Ohio will telegraph the provost-marshal general and also President Wilson the total registration. To aid in collection of the returns, telegraph companies have been requested to remain open until the final reports are wired to Columbus. Election officials have been especially urged that an immediate report is imperative.

"These facts have been impressed upon boards of registrars throughout the state and in the keen competition between the states as to which shall report first and best. Ohio has excellent chances of coming under the wire ahead," was the statement of Colonel Turner this morning.

It rests largely with communities whether business shall suspend and holiday be declared. Governor Cox's session of business as far as possible, but as a request and not an executive order. Reports from over the state indicate, however, that the spirit of patriotism will prevail, with demonstrations, parades and exercises to mark the day when 480,000 young men take their first step in the "call to the colors."

Question of the state's authority in making orders respecting registration day, raised several times at Lima, were settled today with the receipt from Washington of a telegram saying that the instructions of the governor are to be implicitly followed. Copies of the message were sent to state registration headquarters.

A wire also was received from Washington saying that all American consuls have been provided with registration cards for registering Americans in foreign countries and that these cards, though probably delayed, will be entered when received just as are registration cards made out in the United States.

A statement issued by Governor Cox at noon today says reports are most reassuring and conditions tranquil for registration tomorrow. His statement in full follows:

"Every detail that we know of has been attended to. The boards of elections in the counties, in the preliminary work, have rendered a service which for efficiency and patriotism is the finest tribute to our citizenship. There has not been a note of protest from the 352 members of the county election organizations. The telegraph offices will be open all night in every county seat tomorrow, and just as soon as the totals from registration are known they will be wired to the governor's office from every county.

"Reports from all over the state are most reassuring. Conditions are tranquil. All shades of opinion seem to have subjected themselves to the majesty of the law. The president's proclamation is the voice of the republic. Many meetings and protests occasioned by the registration law grew in large part from its being misunderstood. We have every hope now that Ohio will be free from even sporadic disturbances of any moment."

SHERIFF IS WARNED.

(Associated Press Telegram)

Marietta, O., June 4.—An unsigned note, warning Sheriff Clyde Poseo of Washington county, to cease his activities in behalf of the draft registration tomorrow, was found by county officials at the entrance to the courthouse here this morning. The warning was scrawled on a piece of paper and was not signed.

Officials had believed that all anti-draft agitation in this locality had been put down with the arrest last week of Harry Lewis Hammond at Coal Run on a charge of distributing anti-draft literature.

A local minister also has received a letter threatening his life unless he stops his work in behalf of the draft registration.

**SALOONS TO CLOSE
ON REGISTRATION DAY**

Mayor Ritchie received a telegram from Governor Cox today reading: "The State Liquor License Commission has ordered all saloons closed on Tuesday next as a matter of preparation. We respectfully request that you issue proclamation to the same effect. You have this authority under Section 4261 of the General Code."

In compliance with the Governor's telegram Mayor Ritchie today requested that all saloons be closed all day on Registration Day, June 5.

The Licking County Liquor License Commissioners today issued an order for all saloons to remain closed all day and evening tomorrow.

\$4329 IN TILL WHEN ROTARIANS CLOSE BIG EXPO.

The Merchants and Manufacturers' exposition came to a close Saturday night after a week's successful operation, during which time, 15,750 people paid admission to the big show.

The affair was a success in every particular and those responsible for the undertaking are deserving of the greatest accolade of praise for it will create a handsome sum for the war relief fund.

It was given under the auspices of the Newark Rotary club and every member worked hard and faithfully to make it an assured success, and it was far beyond their most sanguine expectations. President J. Howard Jones of the Rotary Club and Treasurer Ralph Davis have not as yet been able to make a complete report and will not be able to do so until all bills are in but Mr. Davis stated this morning that gross receipts amounted to \$4329, of which \$1575 was paid admissions, \$1450 from the sale of booths, about \$1000 from the concession stands, \$250 from the operation of the country store three nights and selling articles at auction and \$83 realized from the sale of banners.

The expense will be about \$2,300, a part of which is \$271 for rental \$334 for the band, \$100 for other entertainment, \$75 estimated, for insurance of contents and people in building, \$100 for decorations, \$250 for stock for concession stands, and a number of additional bills not yet reported.

The entire gross receipts of the exposition will be for the benefit of the war relief fund and the Red Cross society.

Saturday afternoon and night big crowds again visited the building. The matinee was for people living in the country who could not get in at night. In the evening a band concert was given in the public square and afterwards at the exposition.

Chairman of the executive committee, Will C. Kuster again created much amusement for everybody, by auctioning the clothes off a young woman's back. She was heavily veiled and her hat brought a good price, then her gloves, next her waist and then her shoes. Next her skirt was sold and then another dress which she wore and when it was taken off she still retained another dress. Auctioneer Kuster then announced that he would sell the veil on the young woman's head which covered her features and the purchaser would have the right to unmask her and keep the veil. The bidding was spirited. It started at \$5 and went on up until it was knocked off to Ernest A. Sims, manager of The Avery and Loeb Electric Company, for \$15. Mr. Sims went upon the stage and unfasted the veil and removing the same, the smiling countenance of Miss Viola King was disclosed.

It was carnival night at the big show and hundreds of bags of confetti were disposed of and everybody had a royal good time. The crowd remained until a late hour and everybody present was more than liberal in patronizing the various concession stands.

President J. Howard Jones of the Rotary club when seen today said: "On behalf of the Rotary Club I want to thank the people generally for the magnificent support given our Merchants and Manufacturers' Exposition. Those who attended gave more than generously. A great many emptied their pockets before they left each evening. The merchants not only spent weeks installing their exhibits and caring for them but gave generously of their stock. Organized labor donated its services in various instances. The newspapers gave us real publicity. The Boy Scouts, proteges of our Club, made us proud of them. Those who were employed gave at least 2.00 worth of labor for every dollar we paid them. Many girls and women volunteered their services and rendered great assistance to us. Many other people showed their interest and sympathy by giving and doing. In all we feel that the affair was a real success and that we are all better for having participated."

SEVEN POINTS TO BE REMEMBERED FOR DRAFT TALLY

(Associated Press Telegram)

Washington, June 4.—In its campaign to stimulate interest in registration June 5, for the war army, the war department today issued a memorandum emphasizing the seven cardinal points to be remembered, particularly by men between the ages of 21 and 30, inclusive, who will be required to register. The memorandum follows:

1—There is only one day for registration, June 5, 1917.

2—Every male resident of the United States who has reached his twenty-first and has not reached his thirty-first birthday must register on the day set, June 5, 1917. The only exceptions are persons in the military or naval service of the United States which includes all officers and enlisted men of the regular army, the regular army reserve, the officers' reserve corps, the enlisted reserve corps, the national guard reserve, recognized by the militia bureau of the war department; the navy, the marine corps, the coast guard and the naval militia, the naval reserve force; the enlisted reserve corps and the national naval volunteers, recognized by the navy department.

3—Registration is distinct from draft. No matter what just claim you have for exemption, you must register.

4—Registration is a public duty.

For those not responsive to the sense of this duty, the penalty of imprisonment, not fine, is provided in the draft act.

5—Those who through sickness shall be unable to register should cause a representative to apply to the county or city clerk for a copy of the registration card. The clerk will give instructions as to how this card should be filled out. The card should then be mailed by the sick person, or delivered by his agent, to the registrar of his home district. The sick person will enclose a self-addressed stamped envelope for the return to him of his registration certificate.

6—Any person who expects to be absent from his voting precinct on registration day should apply as soon as possible for a registration card to the county clerk of the county where he may be staying, or if he is in a city of over 30,000, to the city clerk. The clerk will record the answers on the card and turn it over to the absentee. The absentee should then mail this card to the registrar of his home district so that it will reach that official by registration day. A self-addressed stamped envelope should be enclosed with the card to insure the return to the absentee of a registration certificate.

7—Registration booths will be open from 7 a. m. to 9 p. m. on registration day, June 5, 1917.

just as he finished firing the fifth shot. He did not resist, and they held him until officers arrived when he was turned over to them and taken to the city prison. An ambulance was called and Mrs. Gabe was taken to the Newark Sanitarium where Drs. Cooper and Shoritz made an examination and stated that the young woman had an excellent chance to recover, providing blood poisoning did not develop. She was soon to have become the mother of a third child. Her condition today was reported as favorable.

When first arrested Gabe would make no statement, but Sunday talked freely to Chief Sheridan, stating that he could not bear the thought that his wife cared for him no longer and that her actions drove him to distraction whenever he thought of their two little children. He would not tell where he purchased the revolver, except to say that he bought the revolver at one place and the cartridges at another. He said that he would not make any statement not authorized by his attorney, Link C. Russell, whom he had retained to defend him.

Mrs. Graves, a next door neighbor to the Gabes, stated Sunday to an Advocate representative, that Mrs. Gabe evidently had a premonition that something might happen for she remarked that she wanted to get some photographs taken for there was no telling how soon something might happen to her. She said that Joe was insanely jealous and unreasonable.

Neighbors stated that Mrs. Gabe worked diligently in their garden and her husband had taken a great deal of pride in it, and it was one of the finest backyard gardens in the city. When they broke up house-keeping he sold it to the new tenant for \$12.

Gabe, who is a son of John Gabe, employed at the Heisey plant, East Newark, has been working at the Newark Stamping company's plant for a little over two years.

Chief Sheridan telegraphed the injured woman's only sister, Miss Mattie Shaw of Ft. Wayne, of the shooting, and she arrived in the city Sunday to assist in caring for her sister.

The hearing of Gabe will take place Wednesday afternoon, it being determined by the officials to wait a few days until his victim's condition could be better determined. It is said that the young man is either feigning or is showing evidence of insanity.

PETROGRAD WAS EXCITED OVER REBELS' THREAT

(Continued from Page 1.)

the death penalty, which they characterized as premature.

On visiting the Gutuyeff quarter the correspondent found that a vast fire had been burning for some time, having been partly extinguished. A large quantity of sulphur was afire. There were evidences of a violent explosion. Windows at a considerable distance were broken.

It appears that at nine o'clock this morning the ice breaker Oranienbaum, instead of the Kranstadt warships, arrived off Gutuyeff. It was flying the red flag. On it were sailors and workmen who were singing the hymn of the Bolshevik extremists. The ice breaker steamed up and down opposite the wharf, took on board a party of Petrograd workmen and departed.

Simultaneously seven large cases of phosphorus on the wharf landed, the fire extended to a quantity of sulphur, causing a violent explosion after which the stores of sulphur caught fire and were consumed. No one was injured, and buildings close by were undamaged, except for the destruction of glass. Inquiries show that it is altogether improbable that any one landed from the ice breaker. The fire apparently was caused either by incendiaries other than those known to the official investigators on the spot suggest by spontaneous combustion of phosphorus, exposed to damp and heat.

REV. D. J. MEESSE IS DEAD.

Mansfield, June 4.—Rev. D. J. Meesse, 64 years old, chaplain of the Ohio state reformatory and well-known Presbyterian minister, died at his home here Sunday. Dr. Meesse was pastor of First Presbyterian Church for 23 years and a trustee of Wooster College for 26 years.

Everywhere under the sun—wherever roofs are laid—**Certain-teed** stands out for these two things:

Efficiency Economy

CERTAIN-TEED roofing is the most efficient and economical type of roof for factories, office buildings, farm buildings, garages, etc., because the first cost is less than that of metal, wood shingles, or tar and gravel. This is particularly so now, because of the present high prices of some of these materials. **CERTAIN-TEED** costs less to lay than other roofs.

It will not rust, is not affected by fumes, gases and acids, coal smoke, etc.; it is light weight and fire retardant. Every rain washes it clean; and it does not melt or run under the hot rays of the sun, nor can it clog gutters and down spouts.

Certain-teed Roofing

is the best quality of prepared roofing. It pays to get the best. The only difference between the first cost of a good roof and a poor one is in the materials—the labor, freight, etc., costs the same in both. As **CERTAIN-TEED** Roofing is guaranteed for 5, 10 or 15 years according to thickness (1, 2 or 3 ply) it will be in splendid condition years after a poor quality roof has to be replaced.

For residences, Slate Surfaced Asphalt Shingles have all the advantages of **CERTAIN-TEED** Roofing, plus artistic beauty; not bulky, and are uniform in weight, quality and appearance. They need no paint, are pliable, eliminate waste and misfits, cannot curl, buckle, rot or crack. Guaranteed for ten years.

Investigate **CERTAIN-TEED** before deciding on any type of roof. For sale by dealers everywhere.

NEW "BETSY ROSS" GAVE PETTICOAT TO MAKE U. S. FLAG

A large crowd assembled in the St. John's Evangelical church on Sunday morning when a patriotic children's service was given.

The program arranged gave the children of the various classes an opportunity to participate and the program opened with devotionals and Bible readings. Several exercises were given by the class members of the Sunday school and a little playlet which attracted much attention was that entitled: "Making of the Flag," the characters were: "George Washington," George Howard; "Robert Morris," Fred Strother, and "Betsy Ross," Helen Steen. "Betsy" contributed her petticoat to make the flag wanted by "George Washington."

A flag was presented to the church by the members of the Women's Relief corps, and the address of acceptance was made by Miss Louise Eichorn, principal of the Mahoin street school.

The principal address of the morning was given by William E. Miller, president of the Newark school board.

LEMERT POST BUYS \$50 LIBERTY BOND

At its regular meeting, yesterday, Lemert Post, Grand Army of the Republic, enthusiastically voted to buy a \$50 Liberty Bond. This is a liberal offering as the reserve fund of Lemert Post is very small.

SAFEGUARDED.

Dangerous, wet and slippery crossings have no terrors for the person who wears Cat's Paw Cushion Rubber Heels. Millions wear them who have tried other kinds first. They know the foster traction plus prevents slipping—makes walking safe and sure. And they are the track heels made—no holes to collect mud and dirt into the house. They know the Foster friction plus kind, wear longer—therefore more economical. Attached while you wait at Wm. Fishbaugh and Son's Store, 57 Hudson avenue, where you get service.

It is probable that the women's clubs of this country will make an appeal to the Government to prohibit the use of grain for alcoholic beverages.

CLAIM HENDREN POISONED WIFE; UNDER ARREST

Ora Hendren, aged 38 years, an employee of the Buckeye Rolling Mill in West Newark was arrested Saturday night about 9:30 o'clock when he was passing the patrol station, by Patrolman John R. Jones, on an affidavit subscribed to by Mrs. George Lane, a sister-in-law of Hendren, charging him with poisoning his wife, who died, May 7.

When the death certificate was made out and given to the health department it gave the cause of death as accidental poisoning from eating greens. At the time there was a number of rumors in the neighborhood concerning Mrs. Hendren's death and when Coroner W. L. Jackson was summoned to view the body he was accompanied by the physician who had attended her, Dr. P. H. Cosner. Mr. Hendren according to these physicians stated in their presence that he wished them to make the fullest examination possible as he was aware of the rumors. He invited them to hold an autopsy stating that he wished everything done that was necessary and did not want the matter brought up after she had been buried. The physicians did not deem that action necessary and none was held.

It may be possible that additional facts will be brought out at the hearing which will be held this afternoon in the mayor's office at the city hall. It is said there are some circumstances connected with the case which can not be made public as it would be a violation of the ethics of the sick chamber but that if it becomes absolutely necessary these facts will be brought out upon the witness stand.

Hendren when searched at the city prison, had a roll of bills upon his person which amounted to \$840, a diamond ring and a gold watch. He said he had neglected to deposit the money. He claims that it is a case of spite work on the part of his sister-in-law, and that she had taken that step in order to try and cause him trouble. He said he wished a thorough investigation made in order that the charge against him could be cleared.

DR. M'CUAIG OPENS LECTURE SERIES WITH THREE TALKS

Dr. J. Aspinall McCuaig, lecturer and preacher of New York City, yesterday delivered, morning, afternoon and evening, three powerful lectures of vital interest, and lasting benefit to all who heard them. With each service his crowds grew in size, thus establishing the expectation that before the end of the week is reached, no house will hold his crowds.

Thousands in the large cities have been turned away from the great auditoriums in which these unique addresses have been given, and Sunday's meetings indicate a similar response in Newark.

Tonight at 7:30 o'clock, in the Central Church of Christ, Dr. McCuaig will address a mass meeting of men and women on "Social Evil."

The afternoon meetings are for women only, and will commence at 2:30 o'clock sharp. Both afternoon and night meetings will be held in the Central Church of Christ. Dr. McCuaig's subject for tomorrow afternoon will be "The Male Element."

Sunday morning, telling the simple story of David as a shepherd lad slaying Goliath, the champion of the Philistines. Dr. McCuaig emphasized the point that God today is in need of men to champion His cause. There are times when the feet of God are tied so that He cannot run, and His hands tied so that He cannot strike, because the man by whom He can run, and the man by whom He can strike.

In the evening at the First Presbyterian church he preached one of the most forceful, touching and impressive sermons ever heard in the city. It was of the old-fashioned kind, calling upon Christians to hold close communion with God as a personal being, to have Him with them in their homes and in their daily walks.

McCuaig asserted in this sermon that the vitality of any city is in the power of its Christian manhood and womanhood. He submitted that he had found three things characteristic of the church in the investigations he has made over the country, namely: that there is a great lack of enthusiasm for Jesus Christ, that the church seems to be more the messenger than the ambassador of Christ, and that there does not seem to be in any large way even among the preachers of the land, any deep conception of the dire need of the world or Christ.

In suggesting a remedy for these conditions Dr. McCuaig suggested the sitting alone with Christ in long hours of quiet, practicing the art of doing with Him. The sermon was one of the most dramatic ever heard in Newark.

LEAVES PURSE AND \$400 ON COUNTER; POLICE HUNT MONEY

J. W. Kuntz, who resides in Burt avenue, complained to the police Saturday night that he lost a pocketbook containing \$400 in cash. He stated that he entered a downtown store and after making a purchase laid his pocketbook down on the counter and walked out. Chief Sheridan visited the store and the clerks there said no one had seen or found the pocketbook. A careful search was made Sunday in the papers and loose boxes and wrapping paper that had been swept out but nothing was found.

THE BEST TEST

Is the Test of Time.

Years ago this Newark resident told of good results from using Doan's Kidney Pills. Now Mrs. Chas. Gartner of 131 S. Second St., confirms the former statement—says there has been no return of the trouble. Can Newark people ask for more convincing testimony?

Mrs. Gartner says: "About a year ago, my back gave me a great deal of trouble. I couldn't sweep my house, do washing or ironing, but what I suffered severely from dull pains across the small of my back. I often had to go and sit down and leave my work undone. Another of the family had been helped so much by Doan's Kidney Pills, that I bought some at Evans' Cut-Rate Drug Store. They brought me the right from the start and a few more boxes cured me completely." (Statement given September 15, 1914.)

Permanent Results.
On February 7, 1917, Mrs. Gartner said: "I gladly praise Doan's Kidney Pills again. The cure they made for me when I was suffering from kidney trouble has been permanent."

Price 50c, at all dealers. Don't simply ask for a kidney remedy. Get Doan's Kidney Pills—the same that Mrs. Gartner has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y. 6-4-7

Amusements

ALHAMBRA.

Tonight and Tomorrow.
Mary Miles Minter is reformer. When the rehearsals of the new Mutual-American star production, "Environment," were begun, Minter insisted that she could not be at her best in the role of the drunkard's daughter because she had never known a drunkard intimately.

Mrs. Margaret Shelby elevated her arms in horror when Mary insisted on having a drink to study. The director James Kirkwood saw the point. Also he knew intimately the very drunkard upon whose life and his efforts upon his family the story of "Environment" had been based.

"Simpkins," the father of "Liz," is in real life a drinking but drunken parent. Miss Minter was given an opportunity to study this derelict for several weeks before the rehearsals were launched. By that time she not only knew "Simpkins" but had destroyed his value as a "horrible example" for future historians of the drama.

After "Simpkins" had been given a proper talking to by "Liz," Minter went on the water wagon and has been there ever since.

Wednesday and Thursday.

The strange of strange stories is told in "The Fake Mystery," the starting point of the new production, which comes to the Alhambra theater on Wednesday and Thursday, with Carole McKewen as the star. The story is a tale of mystery and suspense, especially for the purpose and these scenes are remarkable for their great beauty. One of the elaborate summer camps which are a feature of the mountains was used as the background for some of the scenes and an excellent effect is secured by the use of the members of the company coast, is another fascinating sight. The story itself is a splendid mystery tale, logically and consistently developed to a smashing climax that is utterly different from the expected. See this feature picture by all means.

AUDITORIUM.

Mr. Feenberg's Paramount-Adaptation.

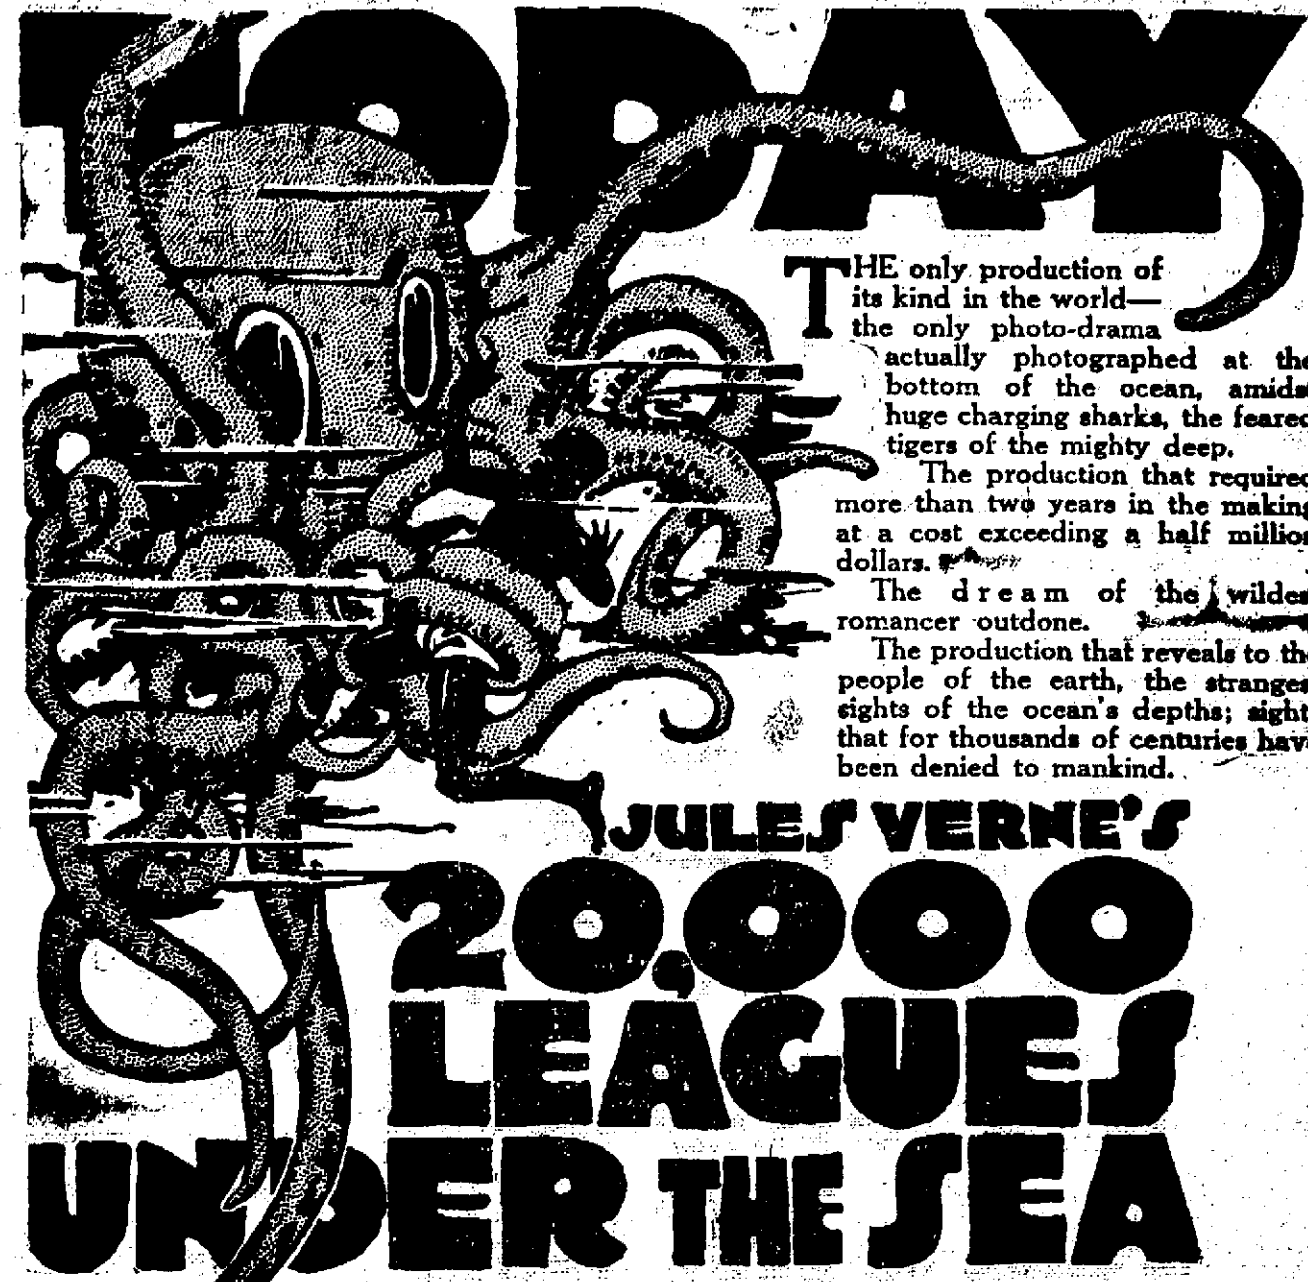

Manager Geo. M. Feenberg in taking over the management of the city's largest picture house, the Auditorium, expects to make this amusement place, the best in the city, playing nothing but the best that is obtainable for Newark. He is looking for the best picture, "Cheaters," "Experience," "Eileen," "Your Love," "Chin-Chin," "Al. G. Bland," "The Other Man's Wife," "Robinson Crusoe Jr.," "Her Soldier Boy," "So Long Baby," "Mutt and the Divorced Man," "The Frisco," and "The Musical Comedy Co." But the most important announcement that Mr. Feenberg makes is that he is bringing back to the city the best picture in the world, "The Silent Partner," a most interesting photoplay, being consistent and dramatic. The heroine is a stenographer, an unusually able woman, on whose judgment the firm depends for many things. She has been saving money for some time, ten thousand dollars for a house for herself and mother. The boss, Thomas Meighan, is a society woman who really loves the former partner, whom she has been saving money for some time, ten thousand dollars for a house for herself and mother. The boss, Thomas Meighan, is a society woman who really loves the former partner, whom she has been saving money for some time, ten thousand dollars for a house for herself and mother.

The situations are built up with continuity till, as it approaches the climax, the hero of the film breaks engineering to effect his ruin and the stenographer is left to face the battle alone. The hero, however, has ten thousand dollars for a house for herself and mother. RED CROSS WEEK.

With a War Relief Fund of \$100,000,000 as a goal, the largest fund ever sought by public subscription in the United States, the American Red Cross is now perfecting all the details of the organization which is expected to secure the subscriptions to complete this sum during the week of June 18th to June 25th.

President Wilson has, by proclamation, set this week aside as Red Cross Week, and fifty expert money campaigners, sent out from the central headquarters of the Finance Committee, in Washington, are now on the way to their assignments in all corners of the United States. They will assist local Red Cross Chapters and committees in forming their teams and organizing for the work of Red Cross week.

The plans announced by the Finance Committee involve the formation of ten subscription teams in each city. These squads, all members of which will give every minute of Red Cross Week to the campaign, will be captained by leading bankers and business men who will select the members of their own teams.

While Red Cross Week will be the time for concentrated effort, a number of city campaigns are already well under way. In New York a man-to-man canvass of the Wall Street district will be made by leading financiers among whom are J. Pierpont Morgan, Jacob H. Schiff, Frank A. Vanderlip, Cornelius N. Bliss, Jr., A. H. Wiggin and Charles H. Sabin. Subscriptions running into the millions are expected to be forthcoming from New York.

To make this campaign a success one dollar must roll into the War Relief Fund for every man, woman and child in the United States. The War Council plans to put relief work in America on the same plane of efficiency that has been reached by the Red Cross in European countries.

the most practical importance to parents are these:

First: Children who are ill should be kept away from others until it is definitely certain that the ill child has not a communicable disease.

Second: If one's own child develops suspicious symptoms keep the child away from others till it is known he has not a communicable disease.

Early diagnosis of suspected cases and prompt isolation of the patient are held to be of the greatest importance to prevent spread of the disease.

In supplementary investigations the committee could find no substantial evidence to show that infection was spread from contaminated sources of milk supply or other foods, nor that the disease is carried by lower animals, insects, or by clothing and other extraneous objects.

MEN AND MONEY NEEDED.

While it is eminently proper to curb waste on all sides it is none the less evident that there is no economic reason for depression. The tremendous amount of money that will be spent in the United States, the increased opportunity for labor in all lines save a few and the increased demand for manufactured products ought to bring a greater activity into business channels than this country has ever known.

There is more or less hysterical talk about drastic economies that if carried into effect would produce real depression. There should be rigid economy in the use of food stuffs because America must feed the world and it is up to us to feed and further provide for our allies in this war but in order for us to win the war business must proceed as usual. It will take both men and money to win and it is as important to supply one as well as the other.

THE LIBERTY BONDS.

The Liberty Loan had a further substantial addition in the Baltimore district through a subscription made by the Baltimore and Ohio Railroad company for \$1,000,000 of the Government's bonds on Saturday.

Daniel Willard, president of the Baltimore and Ohio company arranged for this subscription in order to afford to the company's employees to do their part towards assisting the Government in the present emergency by subscribing to the bonds and making payments therefor in monthly installments out of their future earnings, thus enabling those desiring to show their patriotism who might otherwise be denied the opportunity if they had to advance the full amount at one time. This announcement is of special interest in Newark where a large part of the population is directly interested in the B. & O. Railroad company.

OVERALLS.

(Cleveland Plain Dealer.)
A garment that knows neither sex nor class distinction appears to be coming into its own. This is the omni-useful article of apparel which bears the name of overalls, a garment of service, of comfort, of freedom from social restrictions, the symbol of active physical labor, the garb of the back yard gardener, the accepted uniform of the soldier of honest toil. Overalls are convenient, handy, sensible and no more attractive than many of the garments flaringly displayed in the fashion plates.

Just now they become particularly interesting as the recognized garment worn by workers of both sexes. One of the great railways of the country, the Baltimore & Ohio, has introduced women workers into its shops. These recruits will make themselves generally useful until their knowledge of the work grows. All of them are attired in overalls. A Cleveland man walked into a busy machine shop not far away and asked for the foreman. He was referred to the assistant foreman who was at a bench near by. He approached this overallsed person and found himself greeting a snappy-faced keen-eyed young woman. He expressed his surprise and the assistant told him there were a half dozen women working in the same room and asked him to point them out. He couldn't.

No doubt the increased use of the garment will be charged to present disturbed conditions, the common explanation for all the later innovations. Whether this be true or not—and it is a question of little moment—overalls in their special field of usefulness are serviceable and sensible, and not nearly as revolutionary as some worried people may think.

INFANTILE PARALYSIS.

The special committee appointed by the mayor of New York and supported by the Rockefeller Foundation to aid the department of health in combating the infantile paralysis epidemic last summer and fall has just completed its report which will be published soon. The committee's report gives a record of the careful study of 5,486 cases diagnosed as poliomyelitis and draws the following conclusions:

(1.) Infantile paralysis is communicated by personal contact; (2.) Slight and non-paralytic cases are the most frequent sources of infection. As these cases arouse no suspicion others come more in contact with them; (3.) The disease usually develops from three to ten days after exposure; (4.) Previous good health does not give immunity from attack.

The points in the report cited as of

No More Corn Plasters
This Method Far Better

"Putnam's" has 'em all beat a mile. It's a marvel on corns and feet. It's like magic. Why, for nearly fifty years Putnam's Extractor has been the standard remedy, the dependable one, the sure kind that never disappoints.

It's painless, too. Point it on to-night. In the morning the pain is all gone.

Small wonder the sale of Putnam's Corn Extractor is so large. It's a leaders everywhere.

STAND UP AND BE COUNTED!

(Philadelphia Record.)
The three principal requirements for the successful prosecution of war against Germany are men, food and money.

The fittest of ten million men will be offered for the service of the United States army on Tuesday. The farmers of the country are working as they never worked before to produce abundant supplies of the necessities of life, and three is no doubt that their efforts will go far not only to sustain our own people, but to eke out the scanty stores of our allies.

There remains, then, only the money.

Uncle Sam asks you to lend him the sinews of war. His credit is the best in the world. He will pay 3-1-2 per cent interest. But he does not appeal to your instincts as an investor. He appeals to your devotion as a patriot.

At least a million of your fellow-citizens will risk their lives in the common service and many will die that you may live secure in the rights guaranteed to you by the flag of your country. Millions more are toiling that you may not lack for food. Will you do your part? Will you help to put up the money that your government needs?

Subscribe now for your share of the Liberty loan. Sacrifice what must be sacrificed to do it. Take as large a slice as you can—but do not hesitate to offer the government \$50 if you cannot offer more. The measure of your patriotism is not the size of your subscription, but its size in proportion to your means.

Enlist today in the service of your country by lending your money for the defense of the nation. Stand up and be counted for the Liberty loan!

REGISTRATION.

(Ohio State Journal.)
The big war is not to be won by soft snaps and safe distances. It will be won where the fight goes on, where the shells shriek and the danger is great. It is not the uniform that makes a soldier; it is the heart and the answer to the call to danger. There is where patriotism will do its work—where the danger is. At registration is where the real business of war begins and where the heroes gather to offer up their lives. War is not a festival. It is an altar, where brave hearts offer up their lives. It is the call to sacrifice and to is not willing to sacrifice will run from it, which the true American spirit will not do. Now we come to the summit of American citizenship, when character and courage are tested. If they are not equal to the test, down goes the American republic. God bless the brave men that respond to the test, with heads up and hearts beating strong.

THE FIRST SHALL BE LAST, ETC.

Some of the old pops don't understand even yet why the fool government doesn't start the presses to printing money instead of trying to sell bonds.—Houston Post.

Down in New York they have organized a society to overthrow the kaiser, though we imagine it will have to be done somewhat nearer the front than the Coconut Grove or the Waldorf-Astoria.—Grand Rapids Press.

Sometimes the person who wears the flag on his collar is recognizable as the same one who was noticeable for his loud cheers from the sidewalk when the troops went to the border last summer.—Hartford Times.

One way of putting it is to say that the censorship question is just as clear as the West Side Improvement question.—New York Post.

The best line at this time to smash the Hindenburg line is a line of Liberty bond buyers.—Chicago Herald.

The intellectual entertainment of the age is trying to find out whether Russia is going or coming.—Baltimore Sun.

We suspect that when Uncle Sam finally rounds up the German spies in this country, he and the people will be shocked upon discovering their identity.—Rochester Herald.

With a few regiments of Filipinos at the front the apostles of kultur will be convinced that there's no hope left for the world.—Washington Post.

The Treasury Department is pretty shrewd at that. Just think what a demand there'll be for those bonds on the installment plan if they land even half the families that have got the habit.—Macon Telegraph.

Mayor Thompson, of Chicago, refused to invite Premier Balfour to the Windy City and now shows indifference to the Government selling the Liberty bonds at City Hall. But the amazing thing about it all is that his opponent for the Mayoralty was defeated on the hyphen issue.—Washington Herald.

Making this generation pay the whole cost of the war may be good business, but making posterity pay some of it is not bad morals. It is posterity that will reap the chief benefit of a "world made safe for democracy."—Charleston News and Courier.

The continued persecutions of Belgians constitute a warning to the world as to what Teuton conquest would mean.—Washington Star.

THE TRUTH about PREMIUMS

PREMIUMS, whether they be offered with coffee or any other merchandise, are intended to compensate indifferent quality. They are not a gift. But Golden Sun Coffee is so good, so strong, of such superb flavor, so economical and so modestly priced—that it needs no premium to help sell it. Cut by a special chaff-eliminating process, Golden Sun pours crystal clear. Packed in sealed, air-tight cans, it is sold by grocers only.

WOMAN CLAIMS CHANGE WAS SHORT DEALER ARRESTED

In police court this morning Mayor Dignee disposed of three offenders charged with intoxication. Two of them were regulars and had only left the prison a couple of days ago. They were fined \$5 and the costs and put on a bread and water diet. A third drew \$5 and the costs and was sent to the county jail.

A market man was charged by two women with short changing her. The woman claimed that she made a ten cent purchase and gave him a \$5 bill and that he gave her back only 90 cents. The market man claimed that he did not have any \$5 bill in his possession. The case was postponed until Wednesday afternoon at 2 o'clock until additional witnesses could be secured and the defendant was allowed to go on his own recognizance.

Ed West, confined in the city prison on a charge of drunkenness, had a further charge preferred against him by John S. Tatman, who accused West of taking his gold watch. The case was postponed until Wednesday afternoon.

Rev. George Bohon Schmitt officiating. Mr. Secrest is the son of Mr. and Mrs. Cleveland Secrest of Pleasant City and is employed by the Ohio Light and Power company as surveyor.

Obituary

John H. Frame. died at his home in Rural Dale at 3 o'clock Sunday afternoon after a long illness of tuberculosis. He was 55 years of age. He was married to Mrs. Mary Frame. He leaves to mourn his death his aged mother, and five brothers, William S., Frank A., and Everett M. of Blue Rock, Edward H. of Newark and Harry C. of Zanesville.

The funeral services will be held on Tuesday afternoon at 2 o'clock.

William Ashbrook. father of Congressman William A. Ashbrook of Johnstown, Milan P. Ashbrook of Granville, and Mrs. Charles E. Garner of Lansing, Mich., died Saturday night at 8 o'clock at the home of his daughter in Michigan after six weeks' illness.

The remains will reach Johnstown tonight and arrangements are being made to have the Rev. Mr. Julian of Chesterville conduct the funeral tomorrow at Johnstown.

Mr. Ashbrook was born February 19, 1824 at Johnstown and was therefore 93 years of age. He was reared upon the home farm and engaged as a dealer in live stock for 15 years, retiring from business in 1862, after which he engaged in farming. In 1852 Mr. Ashbrook married Lucy H. Pratt. Six children were born the three above mentioned and Dr. Byron B., Aura H. and Burton G. deceased. Mr. Ashbrook has been a member of the Baptist church since 1868.

For years Mr. Ashbrook has spent the winters at the home of his daughter in Michigan returning to his Licking county home every spring. He was about to return when he was stricken six weeks ago.

Representative Ashbrook left Washington yesterday morning for Lansing to bring his father's remains home for burial.

William Ashbrook had a wide acquaintance over Licking county and his friends were legion.

She was a member of the United Presbyterian church at Mt. Perry and was married December 25, 1903. She is survived by her husband and five little children, Estelle Isabelle, aged 7, Mildred Pauline, aged 5, Clayton William, aged 3, Dale Raymond, aged 2, and Kenneth Earl, aged five months. The funeral will take place Wednesday afternoon at 2 o'clock at Brownsville and interment will be made in the village cemetery.

Our Boys and Girls

When a child likes or craves sweets it is the usual excuse of an indulgent parent. Every child like his own way, but that is no reason why he should not be trained to abedience and self control. A child's fondness for sweets can hardly be considered a normal instinct. As a matter of fact, supported by every day experience, no causes are productive of more disorders of digestion than the free indulgence in desserts and sweets by young children. It is a constantly increasing tendency, not controlled, as a child grows older, and in early childhood, the only safe rule is to give none at all.

A nursing mother should lead a simple natural life, should have regular out-of-doors exercise, preferably walking or driving, as soon after her confinement as her condition will permit. She should be as free as possible from unnecessary cares and worry, her rest at night should be disturbed as little as possible. She should go to bed early and lie down for at least one hour in the middle of the day. A nursing mother has the child's health in her own hands, and should use every precaution to live correctly.

If a child is two or more years old, the only effective means of weaning from the bottle is through hunger. The bottle should be taken away at once and entirely, and nothing allowed except milk from a cup until the child takes this willingly. Sometimes a child will eat an entire day without food, occasionally as long as two days, but one should not be alarmed on this account and yield. This is a matter of the child's will and not of his digestion, and when once he has been conquered it is seldom that any further trouble is experienced.

Few mothers realize how to properly lift their children. When a young baby is to be lifted from its bed, the right hand should grasp the clothing below the feet, and the left hand should be slipped beneath the infant's body to its head. It is then raised upon the left arm. This method is the best cause because the entire spine is supported, and no undue pressure is made, upon the chest or abdomen, as often happens if the baby is grasped around the body or under the arms.

Radical Wrinkles.
You can eradicate wrinkles by systematic massage. It should not be hard for a woman to remove all traces of them, but the treatments must be very regular or they will return again.

Every night apply hot cloths to your face until the pores are well opened. Then cover the skin with a good cold cream and you are ready to begin. First massage the muscles of the cheek just in front of the upper half of the ear, using the three fingers of both hands. Rub outward and upward in a circular manner, with a firm yet gentle touch, covering a spot about the size of a silver dollar.

The upward motion will pull the skin taut about the corners of the mouth rubbing out the drooping line at the side of the nose. If the face is heavily lined here, massage will, in time, so strengthen the muscles that the furrows will be much softer or disappear entirely. Repeat the same circular motion at the corners of the mouth.

Next massage the temple muscle in the same way. The regular and systematic massage of them will prevent the formation of crow's feet. The cheek muscles running from the corner of the mouth up over the cheek bones are massaged with a quick clawing movement, which however, must be light and not pinching.

The forehead is rubbed in the circular manner, upward from between the eyebrows and outward to remove horizontal lines. The vertical furrow must be rubbed with the two forefingers only. Figure to yourself two long ovals passing over this central forehead wrinkle and use the right and left forefinger at the same time running in contrary directions. This is a hard line to efface but with patient massage and the use of a wrinkle plasted at night, even a deep line will be softened in time.

DENISON PLANS GALA WEEK FOR COMMENCEMENT

[Special to The Advocate]

Granville, June 4.—Invitations are just issued by the trustees and faculty of Denison University for the exercises of commencement week, beginning on June 8th. On this date are booked the carnival, Senior Chapel and Denison Masquers. On this date also, although not so stated in the engraved invitations, the United Commercial Travelers convening in Newark, will be guests of the college and of the Greater Granville club.

Mayor C. D. Coons states that the draft registration is passing off quietly and pleasantly in Granville; that the non-resident students have been industriously attending to the matter and that Granville men who are away in business have been sending in their registration cards. He says that no instructions have been received from Washington either for the selections or for the exemptions, and that it is probable another month will hardly complete the matter.

The A. F. W. and Red Cross headquarters will be open as usual tomorrow. The rooms over Chrysler's grocery are now ready and all women of Granville are cordially invited.

Perhaps Granville people do not fully appreciate the fact that the campaign for raising funds for identification badges for the Licking county soldiers boys is one in which they should be interested as citizens of the county. The Advocate is publishing a list of donors to the fund and there still is a shortage of nearly \$200. Contributions, large or small, may be left with Postmaster John Geach and will be acknowledged in the Advocate.

On Saturday evening Mr. and Mrs. Burton Case entertained about a dozen couples at a party in honor of their daughter, Mrs. R. S. Edwards of Des Moines, Iowa. Those present were: Dr. and Mrs. Willis A. Chamberlain, Dr. and Mrs. H. R. Hundley, Prof. and Mrs. T. S. Johnson, Prof. and Mrs. August Odobrecht, Prof. and Mrs. Karl Eschman, Mr. and Mrs. Fred McCullom, Mr. and Mrs. John Owen, Miss M. E. Penney, Miss Alice May George, Miss Carrie Howland, Mrs. Edwards, the host and hostess.

Mrs. Albert Guckert celebrated her little daughter Frances' birthday on Saturday, June 2, with a pretty little luncheon, limited as to numbers by reason of the prevalence of whooping cough in the village. Mrs. R. S. Edwards of Des Moines, Iowa, and her son Robert were present.

Mr. Harry Halderman of the San Toy mines, who spent the week-end with his mother, Mrs. Margaret Halderman, and his aunt, Miss Mary Jones at Monomoy Place, will remain until Tuesday evening.

Dr. Charles A. Lucas of Louisville, Ky., was a Sunday guest of Mr. and Mrs. J. S. Jones at Bryn Du and of his mother-in-law, Mrs. Margaret Halderman at Monomoy Place. Dr. Lucas is en route to the convention of medical men in New York City to be held this week.

Miss Clara Sheldon left Saturday for Middletown where she will spend a few weeks with friends.

Mr. and Mrs. W. P. Ullman and their house-guest Miss Lura Myers were honor guests of Rev. and Mrs. T. F. Chambers, Saturday evening at their home in East College street.

Fred Sheldon, son of the late Howell Sheldon of Granville, has enlisted with a Cleveland company.

Miss Adeline Smith, formerly of Granville and Newark is visiting her cousin, Mrs. Edith Stone in West Broadway.

Dr. and Mrs. Richard Colwell have returned from a visit with their daughter, Miss Rachel Colwell, head of the domestic science department in the University of West Virginia, at Morgantown, W. Va.

Rev. Justin Nixon, a professor in Rochester Theological Seminary, occupied the pulpit in the Baptist church Sunday morning and delivered a sermon notable for its earnestness and eloquence. Prof. Nixon, with his family, is visiting his mother, Mrs. H. A. Nixon in West Maple street.

The death of Miss Helen Devenny occurred Sunday night at her home on Loudon street, following a prolonged illness. Funeral services will probably be held at the residence, the home of Samuel Devenny, on Wednesday afternoon at 2 o'clock.

Beta Theta Pi entertained a few Sheperdson college friends at an informal supper in Curtis Hall, Saturday evening, followed by a performance at the picture show, by Lenore Ulrich. The ladies present were: Misses Martha Lord, Florence Carney, Kathleen Wellwood, Helen Ray, Olive Hunt, Elizabeth Evans, Helen Hutton, Edith Wilson, Margorie Lockman, and Mrs. Lockman.

Every Day Etiquette

"What should I do when giving a person my name card to introduce her to someone else?" asked Alice.

"Across the top of your card write: Introducing Miss Helen R. Smith." Put the card into a small envelope, which is left unsealed and addressed to the person to whom the introduction is to be made," instructed her mother.

"When one meets a woman and fails to remember her name, what should one say?" asked Gladys.

"The proper thing to say would be: 'Pardon me but at this instant your name escapes me.' Or, 'forgive me but I cannot recall your name at this moment,'" said her aunt.

Judgment Is Entered.
In common pleas court in the case of Nathan Frad vs. the Howell Provision Co., the court entered a judgment for \$242.48 in favor of C. C. McGrader, administrator of the estate of William Allen Veach.

Granted Divorce.
Viola C. Beth was granted a divorce in probate court Saturday from Emory Beth on the grounds of gross neglect and abandonment.

FREDERICK WRIGHT RETURNS FROM TRIP TO CHINA AND JAPAN

After four months spent in China and Japan, Frederick F. Wright returned home Saturday night, having sailed from Yokohama, on the steamer Empress of Russia, which reached Vancouver after a ten day voyage. The big vessel carried 4,300 people including 2400 Chinese coolies who boarded the ship at Shanghai. The Chinese are a part of a band of 100,000 brought through Canada to work on the roads and in trench building in France for the British government. They are collected at Wei Hei Wei and trained there for a month before being sent across the Pacific in charge of young Englishmen. A dozen men of Great Britain were in charge of the party that came over on the Empress of Russia. The men were put on special trains and rushed through Canada. Several of the Chinese whom Mr. Wright saw were able to talk not only English but also the Japanese and French languages.

On board the boat was a McQueen, an official from the Philippines, who is on his way to Washington to offer the services of 25,000 Filipinos to Uncle Sam.

During the 10 day voyage covering the trip of 4200 miles a fund of \$2,000 was raised among the passengers for the Red Cross.

Mr. Wright said that every ounce of baggage was carefully inspected by officers as the passengers entered the boat and every precaution was taken during the voyage to avoid danger. When a vessel was sighted the big boat at once changed its course.

Through newspapers printed in the English language in Japan Mr. Wright was able to keep in touch with the progress of the war. He returns home convinced that Japan is America's friend and that the possibility of a clash between United States and Japan is very remote.

Examine your teeth tonight

—after you clean them.

You will find, in all probability, an accumulation of tartar on the enamel and bits of food deposit hiding between the crevices. YOUR DENTIST PRICE does not FULLY CLEAN! Loss of teeth is caused usually by one of two conditions—Pyorrhea or decay, both of which develop, as a rule, only in the mouth where gum action is present.

SENRECO, the recently discovered formula of a dental specialist, is a fold in its action. First, it REALLY CLEANS, embodying specially prepared soluble granules unusually effective in cleaning away food deposits. Second, it is particularly destructive to the germ of Pyorrhea. Yet it is perfectly safe, containing neither injurious chemicals nor hard abrasives.

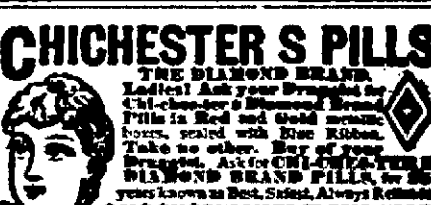

Avoid Pyorrhea and decay. Get Senreco from your dealer today. In large tubes, 25c.

Gift for Hospital.
The old delapidated swing on the
Jawn of the Newark City Hospital
was replaced by a nice new one by
Mr. Joshua Hull who is a patient in
the hospital at the present time. The
old swing had been used a very great
deal. The new one will be very
much appreciated by those privi-
leged to use it.

Daughters of Veterans Notice.
All Daughters of Veterans who
have not been assigned work at pre-
cincts for Registration Day, call at
convention room in the court house
Tuesday morning, where they will be
assigned. All Daughters are needed
to pin badges on those who register.

Garlinhouse Horse Wins.
"W. A. Snyder," trotting horse
owned by George Garlinhouse of
Johnstown, was an easy winner in
the 2:16 trot at the Wooster races
Saturday, taking three straight
heats in 2:22 1-4, 2:18 1-2 and
2:19 1-2. The horse broke badly
in the third heat and the last half of
this heat was at the rate of 2:05.
The horse made a splendid
record last season through Ohio and
Indiana.

400 Pound Turtle.
Emmet McDaniel has a 400 pound
turtle on exhibition in front of his
restaurant in North Park Place. The
turtle was shipped from Baltimore
with a consignment of sea food and
will be served during the Commer-
cial Travelers convention this week.

Live Wire Down.
A high tension wire of the Ohio
Light & Power Company on Fifth
street broke, about 10 o'clock Sat-
urday night and for a time there was
quite a little danger until a guard
was established and workmen made
the proper repairs. When the break
occurred lights went out in a num-
ber of homes and one woman in
West Church street called the patrol
station reporting that burglars were
in her home. An officer went to the

house and searched it thoroughly
and she stated that she just knew
that burglars turned out the lights.

W. C. T. U. Notice.
The Evelyn Graham division of
the W. C. T. U. will hold the regular
meeting Tuesday afternoon, June 5,
at 2:30 o'clock in the First Presby-
terian church.

Attention, W. R. C.
All women of Lemert Corps,
No. 45, who have not been assigned
to places of registration to pin
badges on the men who register to-
morrow, will please call at the
County Surveyor's room in the Court
House before 7 o'clock Tuesday
morning, June 5th to meet the sec-
retary, Margaret Long, who will as-
sign them to their places. By order
of the president, Ida T. Burch.

Tomorrow's Meeting.
At tomorrow night's patriotic
meeting in the high school auditor-
ium, Dr. W. H. Lewis will give a re-
port of the recent war conference
which he attended at Washington.
The report will show the urgent need
of rallying to the support of the
American Red Cross.

Twenty-one Tomorrow.
Guy Martin, 227 South Sixth
street will be 21 years of age tomor-
row. Mr. Martin expects to be out
of town tomorrow so he registered
today with Clerk of Courts Horton.

Ill at Sanitarium.
Frank Miller, the South Second
street barber, is quite ill at the New-
ark Sanitarium.

Mr. Miller Recovering.
Harry Miller, manager of the
Granville Gas and Fuel company,
who recently shot himself, has recov-
ered sufficiently to leave the City
Hospital, and is spending some time
in Columbus.

Enters Ambulance Service.
Paul P. Price, general manager of
the Standard Motor Car Company of
this city has been enrolled as a
member of the second Ohio ambu-
lance company Ohio National Guard,
and will go into service, July 15th.
It was Mr. Price who permitted
Will C. Kuster to auction his cloth-
ing at last week's Rotary Exposition.

Enlists in Navy.
Joseph Dwyer, youngest son of
Probation Officer James Dwyer, of
North Fourth street, enlisted in the
U. S. Navy at Columbus on Saturday.
He passed the first examination and
went to Cincinnati today for the final
examination.

Resumes Teaching.
Mrs. Elsie Lyon will resume teach-
ing. Arrangements for lessons can be
made at 35 Pearl street.

For the Budge Fund.
The Jacksontown Grange sent \$5
to the Advocate today for the sol-
diers' badge fund. In another column
appears a list of those who contrib-
uted from Saturday night up to
early this morning. Additional names
will be published in tomorrow's Ad-
vocate.

SECOND TRAINING CAMP TO OPEN AUGUST 27TH

A second officers' training camp
which Ohioans may attend, will be
held at Ft. Benjamin Harrison from
August 27 until November 26, an-
nounces Adjutant General H. F. Mc-
Cain. Applications must be made
between June 25 and July 15 and all
those certified as accepted for the
first camp and not directed to at-
tend, must renew their applications.
The government wants older men
and will give preference to those
over 31 years of age. Gen. McCain
announces that it will be difficult for
men under that age to qualify, ex-
cept in rare instances where the ap-
plicant has pre-eminent qualifica-
tions or unusual military experience,
since the second camp will have the
definite mission of producing a body
of line officers capable of filling all
places above the grade of lieutenant.

The Intercollegiate Bureau of Oc-
cupations has issued a report, em-
phasizing the broad field for women
trained in scientific branches or
scientifically trained in the more
dramatic pursuits.

THE MACHINERY OF THE BODY

(By Dr. I. W. Short.)

The body is a highly organized
machine of complicated parts in
which the liver and the kidneys
work for the common good. Dam-
age to either one of these organs
interferes with man as a motor
mechanism. The automobile expert
knows how important it is that the
carburetor does not get too much
fuel, along with sufficient air to
burn or explode the gas. Too much
fuel in man's machine, such as eat-
ing too much meat, or alcohol or
tea, and the liver cannot "turn
over," nervous overwork and lack
of exercise in outdoor air bring on
slipshod and bad health. Eat less
meat, plenty of vegetables, and with
air and good exercise you need little
else. If the liver needs rousing and
most of us need this once a week—
take a safe vegetable extract of the
leaves of aloe. "May-apple, root of
jalap made into a tiny sugar-coated
pill, and sold by almost every drug-
gist as Dr. Pierce's Pleasant Pellets
—first put up nearly fifty years ago.
Most people die eventually of an
over-acid condition. If the blood
can be rendered more alkaline, the
longer we live. With regular hours,
plenty of water between meals, sen-
sible coarse food and a chance to get
the poisons out of the system, a man
will live to be a hundred. But, un-
fortunately, our highly nervous way
of living brings increased storage of
uric acid in the body. This acts as
a poison, and we suffer from lum-
bago, aches or pains, rheumatism,
gout.

Get rid of this uric acid poison
by taking a harmless medicine called
Anuric, which throws out the uric
acid by stimulating the kidneys. Drink
a pint of hot water before
meals and take Anuric (double
strength), three or four times a day.
Anuric can be obtained at almost
any drug store.—Advertisement.

BATTERY C FILLS RANKS; INFANTRY GETS 11 RECRUITS

Newark sent her last recruits for
Battery C to Camp Perry at 7:55
o'clock Monday morning, when the
recruiting headquarters for the Bat-
tery here were closed, because the
quota necessary for war strength
has been secured and Newark fur-
nished nearly sixty men, making the
entire enlistment in the Battery for
the past few weeks establish a
precedent.

In the party to leave this morning
were the privates who had been in
charge of the local headquarters,
Private Jasper Hurt and Private Hel-
mer L. Webb, both former students
at Denison University. The others
in the party were Esker Haley, Jas.
H. Shannon, Charles R. Miller, Wm.
E. Miller, Albert J. Parrill, Harry J.
Derringer, George W. Walton, Wilkie
O. Moodie, and H. D. Chandler, the
latter two being Denison students.

The men in charge of the enlist-
ment for Battery C extended their
thanks to all who have given their
assistance in the recruiting work and
Capt. Lawrence Schlegel praised
Newark for her patriotism in the
giving of her sons.

On Monday morning eleven new
applicants for enlistment in Com-
pany B, Fourth Ohio Infantry had
been secured. The headquarters for
this company were moved temporari-
ly at noon today to the vacant room
in North Park Place adjoining the
Licking County Bank.

The applicants for enlistment are:
Daniel O'Shaughnessy, 28 South
Fourth street; Leonard S. Amore of
Alexandria; Basil H. Feaster of R.
D. No. 2; Frank E. M. Temple, 55 1-2
South Sixth street; Andrew M. Frye,
123 Grant street; Louis A. Kent, 258
Beech street; Boyd Neff, 215 Woods
avenue; Hayes D. Graham, Gran-
ville; Orris E. Inlow, 45 East street;
Barry Mansberger, 165 Leroy street;
William Glover, Newark.

Dr. Frank D. Postle will be in
Newark all day Tuesday to make ex-
aminations of the applicants, and
Lieut. Koepfel announces enlist-
ments will be taken all day Tuesday,
and those enlisting will not be re-
quired to register. It is suggested
that if a man is selected in the con-
scription and is unable to serve owing
to physical disability, that this
will not release him from service,
but that he will be assigned to some
duty he can perform, thereby releasing
a man who is physically able.

This should put a new aspect on
the matter of conscription making
those of the chosen age, more willing
to enlist, thereby entering a service
that is desired.

R. F. Kettering of 85 Dewey ave-
nue, who enlisted in the Hospital
corps at Munich, Ind., spent Sunday
with his parents on Dewey avenue,
and left this morning for San Fran-
cisco, Cal., to enter the training hos-
pital there.

Ralph Shultz, son of George W.
Shultz, formerly of Newark, now of
Lexington, has joined Troop A, of
Cleveland and expect to leave about
July 15 either for Chickamauga Park,
Chattanooga, Tenn., or Presidio, Calif.
Fred Sheldon, son of the late
Howell Sheldon, who managed the
Rosenbach shoe store here for sev-
eral years, has enlisted with a Cleve-
land company.

OVER FROM IRELAND BUT FOUR YEARS; WINS HONOR IN COLLEGE OF DENTISTRY

Among the graduates of the Ohio
College of Dental Surgery, who re-
ceived their diplomas on Friday in
Cincinnati, was Bernard McDonald,
son of Phil McDonald, Esq., Justice
of peace of Cavan, Ireland, and
whose address is this city. He came
from Ireland four years ago and for
some months previous to his entry
into college worked at the Wehrle
factory.

He has distinguished himself every
year by winning prizes and medals.
This year he held first rank with
five others and was awarded the
gold medal; won first place and
medal for oral hygiene and prophyl-
axis; winner of medal for gold in-
laid work and took 95 per cent
marks and honorable mention in all
his studies.

Dr. McDonald will offer his ser-
vice to the army in the medical
corps and if accepted will, if he
comes out alive, return to his native
land to practice dentistry and hopes
to return to this country later for
research work in his profession. He
is a nephew of Father B. M. O'Boyle,
pastor of St. Francis de Sales
church.

HIGH SCHOOL PLAY TONIGHT WILL BE PLEASING EVENT

The comedy drama, "The Man on
the Box," to be given by the Junior
class of Newark high school, prom-
ises to be unusually pleasing. The
final rehearsal today indicated that
the characters are well prepared to
go through their parts before the big
audience tonight. The seat sale in-
dicates that the house will be well
filled.

The Women's Permanent Emer-
gency Association of Germantown is
probably the oldest of its kind in the
country, having had its inception at
the time of the Johnstown flood in
1889.

TOMORROW --- TUESDAY

Boston Store's Great

ONE CENT SALE

At 1/2 Price and Less

COME TOMORROW TUESDAY

IN HONOR OF AMERICA'S REGISTRATION DAY

Why It's Done
There are two ways of showing your patriotism: One is by actual enlistment; the other is by helping to supply the sinews of war which are just as essential, supplying needs with needed commodities at cut prices—that's the Boston Store's chief contribution for tomorrow, Registration Day, a "One Cent" Sale.
